

## Care and Maintenance Kit: The Beauty of Stone, Preserved Over Time

The **Pietre di Rapolano Care and Maintenance Kit** is the complete and professional solution designed specifically for those who want to maintain the splendor of their natural stone, marble, or travertine sink.

We know that stone is a living material: that's why we've selected the essential products to protect and clean it daily without damaging its surface. Everything you need is contained in a handy, compact case.

### **What you'll find in the kit:**

The kit consists of 4 essential elements for a flawless maintenance protocol:

1. **C1.07 DAY - Neutral Spray Detergent (100 ml):** Your daily ally. A ready-to-use, pH-neutral detergent that gently cleans, removing dirt without

damaging natural finishes or existing protective treatments. Leaves the surface clean and fragrant.

2. **T3.02 - Water-Repellent Protective Shield (100 ml):** A highly effective solvent-based treatment. Penetrates the stone's microporosity, creating an invisible barrier against water and humidity. Prevents stains and facilitates cleaning, without altering the stone's natural color.
  3. **Professional Microfiber Cloth:** Gray, soft, and highly absorbent. Ideal for spreading products and drying surfaces without leaving streaks or scratches.
  4. **Anti-Scratch Sponge:** Specifically selected to effectively remove the most stubborn stains without damaging the natural shine of marble or travertine.
