

Universal Water Repellent Treatment (Solvent-based)

The invisible protection that keeps your surfaces looking new.

The **XSTONE T3.02** treatment is the ideal solution for long-lasting protection of all absorbent surfaces, both indoors and outdoors, without altering their natural appearance. Thanks to its solvent-based formula, it ensures complete water repellency to prevent damage and blemishes.

Main Features and Benefits

- **Guaranteed Natural Effect:** Its main feature is that it **does not change the color of the surface** and leaves no visible residues, maintaining the original appearance and a pleasant natural effect.
 - **Maximum Protection:** Fully absorbent water repellent, **prevents the formation of absorption stains** (such as oil, grease, etc.) and limits issues caused by rain, humidity, and the formation of mold or algae.
 - **Long-lasting:** Does not yellow over time, ensuring effective and invisible long-term protection.
 - **Universal Application:** Suitable for **all surfaces** and finishes, and is easy to apply.
-

Application Fields and Materials T3.02 is suitable for use on a wide range of absorbent materials, including:

- **Materials:** Marbles, Granites, Natural Stones, Concrete, Terracotta, Bricks, and Tuff Stones.
 - **Areas:** Flooring, Stairs, Cladding, Facades, Thresholds, and Platforms.
-

Simple and Quick Usage

1. **Preparation:** Shake before use. The surface must be clean and dry.
 2. **Application:** Apply T3.02 evenly with a **cross-brush** or with a **low-pressure sprayer**.
 3. **Yield:** Depending on absorption, apply **2 consecutive coats**.
 4. **Indicative Yield:** 1 Liter covers approximately 5-6m².
-

⚠ Important Warnings

- Apply at an ambient temperature between 10° and 20°.
 - **Warning:** The product **does not protect against acidic substances**.
-

Dimensions

30 × 15 × 15 cm

Weight

1,5 kg
